SCALABLE, CONNECTED SYSTEMS

Hardware and
Software Solutions for
Original Equipment
Manufacturers (OEMs).

Scalable Solutions for OEMs

Distech Controls™ provides a comprehensive range of flexible, scalable solutions designed to meet the needs of OEMs across HVACR, Data Centers, and Digital OEM applications. Our portfolio includes advanced controllers, intuitive displays, Building Management Software, and specialized refrigeration solutions, all built to integrate seamlessly into systems like building automation, data center management, and smart infrastructure.

Leveraging open technologies, our solutions connect the edge with the cloud to make spaces smarter, safer, and greener. With real-time processing at the edge and scalable cloud connectivity, facilities gain improved resiliency, operational efficiency, and resource optimization.

With Distech Controls, OEMs can accelerate development, optimize performance, and deliver connected solutions.

Optimizing Every Stage of Your Equipment's Lifecycle

OPTIMIZE TOTAL COST OF OWNERSHIP (TCO)

Solutions designed to streamline programming, installation, commissioning, and maintenance. Our products ensure ease of use while meeting the latest cybersecurity standards, including IP, BACnet, and Modbus.

SIMPLIFY YOUR MANUFACTURING PROCESS

Save valuable time in production with a flexible and efficient configuration process, enabling you to focus on your core operations. We offer professional services to support application development, giving you the option to outsource all or part of your project.

COMPREHENSIVE SOLUTIONS FOR EVERY USE CASE

Our industrial-grade controllers and HMIs are designed to handle a variety of applications, offering reliable performance and seamless connectivity.

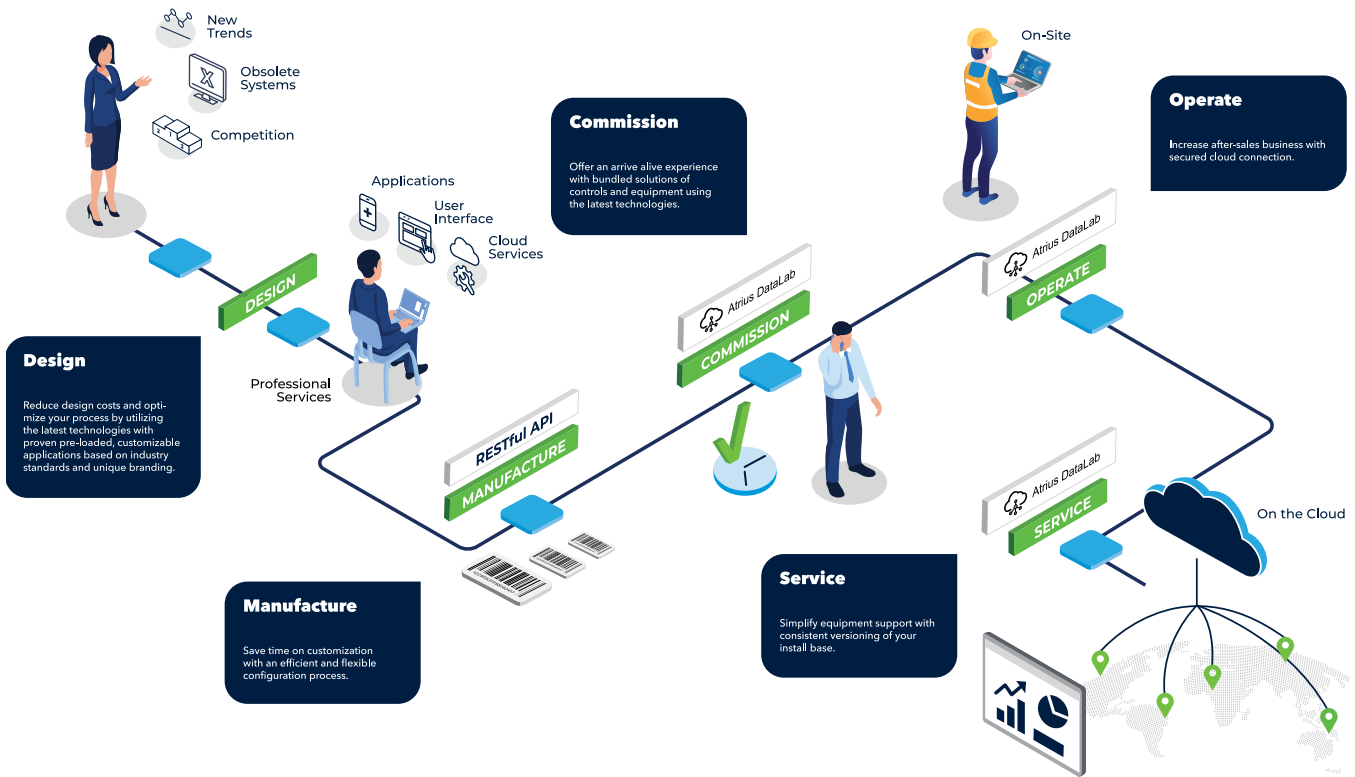

LONG-TERM EQUIPMENT RELIABILITY

Control and visualization components designed for long-term support and continued market availability. Prevent unauthorized access and ensure your systems remain up-to-date, safeguarding your investment for the long run.

EXTEND YOUR BUSINESS

Comprehensive solution for your customers, that utilize our cloud-connected controllers with advanced features like RESTful API and Microsoft Azure IoT Hub integration. Receive ongoing support with a cloud-based fleet management portal that simplifies the connection and maintenance of your equipment.

OEM Optimized Design Efficient Manufacturing, Seamless Operating

CONNECTING PEOPLE WITH INTELLIGENT BUILDING SOLUTIONS FOR BETTER HEALTH, BETTER SPACES, BETTER EFFICIENCIES.

Distech Controls connects people with intelligent building solutions through our forward-thinking technologies and services. We partner with customers to deliver innovative solutions that can provide better health, better spaces, and better efficiencies. Our passion for innovation, quality and sustainability guides our business, which serves multiple market segments through worldwide business divisions, service offices and a superior network of Authorized System Integrators and Distributors. Distech Controls is part of Acuity Brands' Intelligent Spaces Group.
